The screenshot displays the 'mycluster-free' Kubernetes dashboard. The top navigation bar includes 'Clusters / mycluster-free', a status indicator 'Preparing master, workers...' with a green checkmark, an expiration timer 'Expires in 30 days', and an 'Add tags' link. A 'Kubernetes dashboard' button is also present. The left sidebar shows navigation options: 'Overview', 'Worker nodes' (selected), 'Worker pools', and 'DevOps' with a 'New' button. The main content area shows a table of worker nodes. The table has columns for Name, Status, Worker pool, Zone, Private IP, Public IP, and Version. A single node is listed with ID '000000c9', status 'Deployed', worker pool 'default', zone 'Milan 01', private IP '10.144.213.108', public IP '169.51.206.6', and version '1.24.7_1543'. The table includes a search bar, a filter dropdown, and pagination controls showing '1-1 of 1 item'.
