Project Name	Inventory Management System For Retailer

Create An Account In Sendgrid:

The screenshot shows a web browser window with multiple tabs. The active tab is 'SendGrid', displaying the URL 'app.sendgrid.com/guide?from=profile&integrate=true'. The page content is a welcome message for 'Shafinian Aro' with the text 'Welcome, Shafinian Aro!' and 'To get up and running quickly, please follow the steps outlined below.' Below this, there is a blue banner that says 'Send your first emails with Twilio SendGrid'. Underneath the banner, the heading 'Send your first email' is followed by the instruction 'Choose one of these common ways to send email. You can always explore the other options later.' Two options are presented in white boxes: 'Integrate using our Web API or' (with a code icon) and 'Build and send using Marketing' (with a megaphone icon). The left sidebar contains a navigation menu with items like 'Dashboard', 'Email API', 'Marketing', 'Design Library', 'Stats', 'Activity', and 'Suppressions'. The bottom of the image shows a Windows taskbar with various application icons and a system tray displaying the date and time as '01:41 PM 13-11-2022'.
