

Implementing Web Application

Name	SNEHA P D
Team ID	PNT2022TMID01394
Project Name	Inventory Management System for Retailers

TASK

➤ Create UI to interact with application

- Registration Page
- Login Page
- Display items in the Dashboard
- Adding items
- Test it

➤ Create IBM DB2 and connect with Node.js

Create UI to interact with application

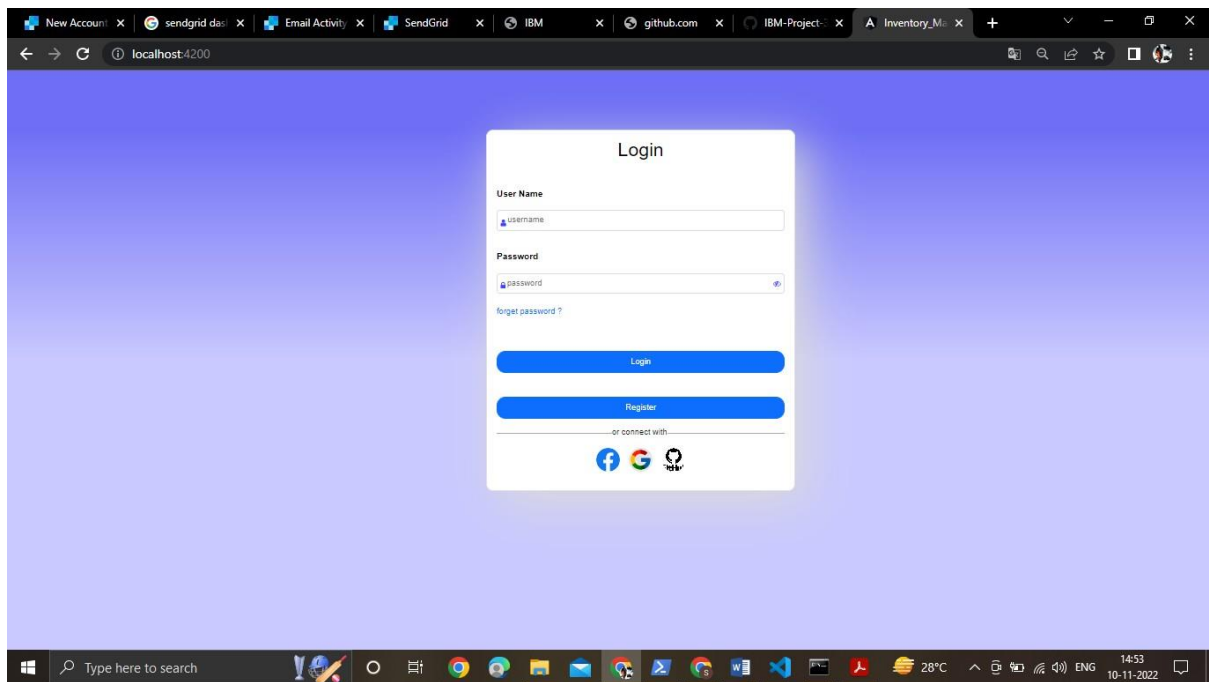

Registration Page

The screenshot displays a web browser window with the address bar showing 'localhost:4200/signup'. The page features a 'Create New Account' form with the following fields and buttons:

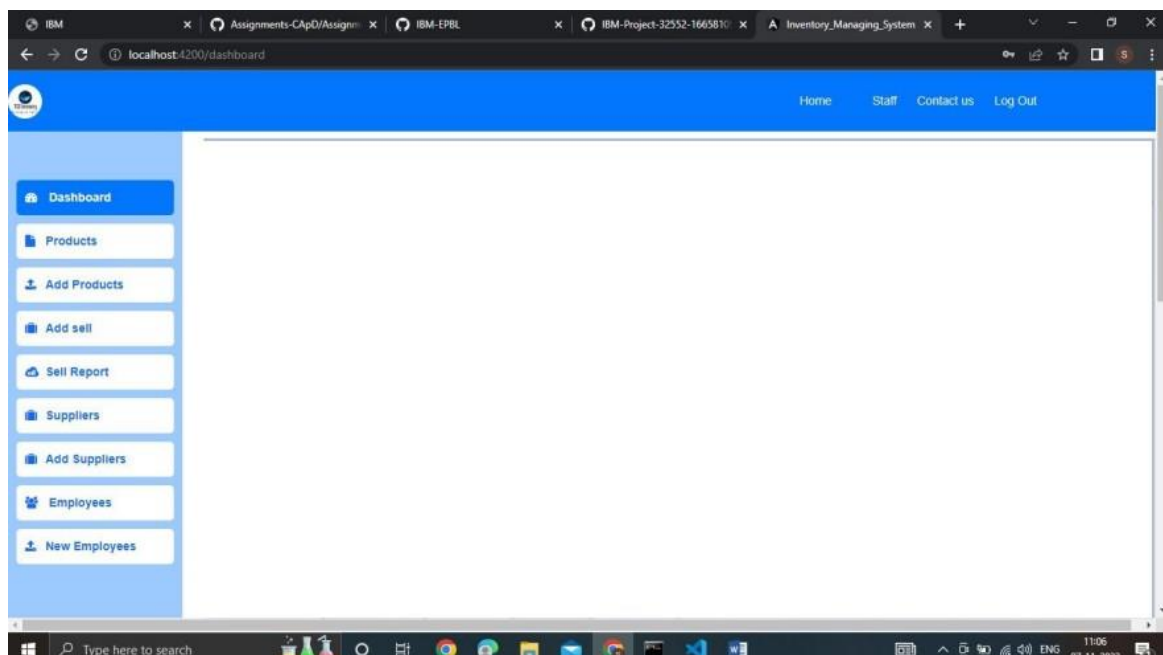

- User Name:** A text input field with a placeholder 'username'.
- Email:** A text input field with a placeholder 'Email'.
- Password:** A text input field with a placeholder 'password' and a toggle icon for password visibility.
- Register:** A blue button to submit the registration form.
- Already Have an Account:** A link to the login page.
- Login:** A blue button to submit the login form.

The browser's taskbar at the bottom shows the Windows logo, a search bar, and various application icons. The system tray on the right indicates the temperature is 28°C, the time is 14:53, and the date is 10-11-2022.
